Enclosures -
Subject Condolence Václav Havel

Dear Mr Rihak,

We would like to extend our sincere condolences with the loss of Václav Havel, the first president of the Czech Republic.

We will remember him as a great and unique statesman with a heart for Europe, democracy, equality, cooperation and human rights. He was deeply respected and will be missed by many people. Our Europe would have been another Europe without him. We should be very grateful for his contribution to our world.

We wish you, your town council and the Příbram people all the strength you may need in this sad period.

With our deepest sympathy, on behalf of all the members of our city council,

Mr R. Louwman,
Deputy mayor of Hoorn
